GULF CONSOLIDATED CONTRACTORS CO. LTD

TO WHOM IT MAY CONCERN:

Gulf Consolidated Contractors Co. Ltd. (GCC) have used the services of QS Quest Ltd. to recruit professional manpower for several different projects over the past 18 months. They have been able to supply candidates from different nationalities to satisfy our visa application with all the necessary qualifications and work experience needed.

I have always found them very pro-active and a good solution for our manpower requirements and will continue to use them when the need arises. GCC are happy to recommend QS Quest Ltd to other engineering & construction companies throughout the Middle East.

This recommendation has been issued upon request from QS Quest Ltd. without any responsibility on GCC.
